In progress...

We are excited to announce our alliance with California Community Foundation. In efforts to continue fundraising with more sustainability, CCF is fully committed to making a difference through meaningful advocacy, outreach and community investments. In combined community efforts, we hope to continue Dr. Bath's legacy of supporting medical and research careers for aspiring physician-scientists who are underrepresented. Now more than ever, we must work to create a more diverse, inclusive and representative generation of physicians. In order to make this happen, we must raise \$25,000 to secure this partnership. Please help us in reaching our goal. We are almost half way there. Let's work together to create our future in science.

“

Believe in the power of truth. Do not let your mind be imprisoned by majority thinking. Remember that the limits of science are not the limits of imagination.

Thank you for your generous gift and kind expression of sympathy.
It is deeply appreciated and will always be remembered.

~THE FAMILY OF PATRICIA BATH ~
